Corrigendum to: J Health Psychol DOI 10.1177/1359105316628748

Unfortunately, the online published article has an error in one of the analyses. On page 365, fifth paragraph, the corrected statistical report is (Δ 1.66, 95%*CI* [3.32, .01], *t* (305) =**–1.98**, *p*<.05), not (Δ 1.66, 95%*CI* [3.32, .01], *t* (305) =**–1.66**, *p* <.05).

In spite of this correction, there is no change in the direction of the test and therefore in the interpretation of this result.
